I'll have you know that the every-dragon-but-Spike-is-now-a-doll-house-universe is in fact quite normal!

The only real difference is that our doll houses can toast marshmallows. and burn down villages.

Okay, I'm really not trying to step on anyone's toes when I say this, but I've always disliked the waifu-ification of Ember. Like, she doesn't strike me as a Rainbow Dash-esque character who's clearly uncomfortable (or at least at arms length) with her own femininity, Ember genuinely just seems to be not that interested in traditionally feminine things. And yeah I know she's a "tsundere", but that doesn't mean she secretly loves *everything* she presents hatred or apathy towards.

Again, if you like these pictures then more power to you, but does this declawing of what's otherwise a badass female dragon lord strike anyone else as a bit weird? I'm not saying its misogynistic, just... weird.

[permalink](#) [embed](#) [save](#) [report](#)

[–] **JesterOfDestiny** 6 points 9 years ago

I agree. This whole tsundere thing seems a bit insulting. Like, any somewhat grumpy or boyish female character will get the "*oh, she's tsundere, let's put her in a maid outfit, lol she likes it lol!*" treatment. I can't be the only one who thinks it's a bit demeaning.

[–] **Ziggie1o1** 6 points 9 years ago

I actually think Dash is one of the few characters it actually kinda works with because RD legitimately has a feminine side but has trouble accepting it, so its pretty easy to poke fun at that. But with the vast majority of tsundere's or potential tsundere's its exactly what you said.

[permalink](#) [embed](#) [save](#) [parent](#) [report](#)

[–] **ImperatorTempus42** 2 points 9 years ago

Agreed, even Sunset gets this treatment at times. It's... weird, and apparently not unique to our fandom (can't think of a proper example ATM, but they're out there).

[permalink](#) [embed](#) [save](#) [parent](#) [report](#)

[–] **LimeyLassen** 3 points 9 years ago

Eh. We honestly don't know that much about her character anyway, so this is all just headcanon. I'm with you on Dash but technically Ember *is* a teenage princess.

Plus she might be in my situation and was raised by a single parent of the opposite sex. I'm 20, but don't quite know how to be a man, apparently.
